

TAKE A HIKE DOWN THE PATH OF REAL COCONUT FLAVOUR

Renuka Agri Foods PLC is the premier Sri Lankan manufacturer and exporter of coconut based food and beverages. The company's flagship brand "Renuka" is a well-known name in the Oriental and South Asian cuisines.

Be it coconut milk, cream or coconut milk powder, Renuka has consistently been delivering the freshest tastings and luscious textures. Across Renuka's range one experiences the subtle tones of coconuts which are real treats!

The delicious and varied treasures hidden within the coconut's humble hairy shell are converted to versatile coconut based food and drinks in the company's production facilities ensuring the innate health properties of coconuts such as the three macronutrients - carbs, fat, protein and minerals are well preserved.

The benefits and uses of coconuts continue to impress, especially in the kitchen with creative culinary delights. Due to its health advantages and a natural low glycemic index rating coconut is now commanding its position as health friendly food and beverage. Renuka invites leading distribution companies to join hands to seize the great opportunities being created by this superfood category.

VIRGIN COCONUT OIL

Renuka Virgin Coconut Oil is exquisitely aromatic and flavourful. It contains no artificial preservatives, toxins, chemicals or synthetic colourings. Coconut oil has a long history of culinary and therapeutic uses. The coconut being a part of the culture and traditions of various countries for centuries; it is regarded as one of nature's sacred gifts.

Primary Packing	Secondary Packing
325 ml	24 x 325 ml
750 ml	12 x 750 ml
1000 ml	12 x 1000 ml

Shelf Life : 18 months

USAGE

An excellent cooking oil full of natural flavor and aroma. Renuka Virgin Coconut Oil is good by the spoonful, with eggs, on your scalp, or as a moisturizer. It can even double as a benign form of suntan lotion. It is primarily saturated (over 90%), with the bulk of it coming from lauric acid, a medium chain saturated fatty acid which, rather than being stored as fat, is quickly turned into energy and help to burn fat and reduce hunger. It is incredibly heat-stable - use for stir-frying and sautéing, or drop a spoonful in your coffee.
